MED-CHI
LECTURES

Wednesday
8th May 2019
Suttie Centre

The Med-Chi Heritage Event

“WINNING THE PEACE?”

Venue – The Suttie Centre for Teaching and Learning in Healthcare
Foresterhill, Aberdeen. AB25 2 ZD

The Exhibition - 4pm to 7pm in Room 402

This varied display will give an over view of the challenges faced in wartime and some of the innovations in medical treatments. The development of prosthetic limbs will be illustrated.

Staff from 205 (Scottish) Field Hospital will demonstrate the equipment currently used by the military services.

The Symposium - 7pm to 9.30pm in the Lecture Theatre

There will be a presentation illustrating how lessons in the field have led to the development of emergency care in the NHS. Also examples of war time innovations which have given rise to new treatments such as chemotherapy or investigations – such as ultrasound.

Speakers will also address present day challenges in public health both in the UK and across the World.

The Society has commissioned Paul Anderson to compose and play music as a memorial to the doctors, nurses and those who sought to save lives during World War I.

Admission via Eventbrite:
www.eventbrite.co.uk/e/winning-the-peace-tickets-59695456718

Parking is available on Ashgrove Road West and after 5pm in the car park accessed from that road.
